About Alberto Air

Let's travel around Alberta together in an experience like never before.

LEARN MORE →

Alberto Air

Alberto Air is a revolutionary airline that will change the course of air travels across Alberta, British Columbia and Ontario in the coming years. Alberto Air plans to establish itself as a niche player in growing air-travel and cargo markets linking all the cities across Alberta and two other provinces in Canada. By focusing passionately on the needs of travellers and cargo services, Alberto Air will provide the best value proposition in the markets it serves.

Alberto Air headquarters is located in Calgary and will roll out it's services across all of Alberta, including Edmonton, Red Deer and smaller cities like Fort McMurray in the first quarter of 2023. By 2024, it is projected to extend it's services to other provinces including British Columbia and Ontario. It will offer customers a high level of service and comfort at 50 percent of what is obtainable in the market today.
